resolution to the conflicts in IC 4-35-7-12 that were caused by four laws enacted during the 2015 Legislative Session. Specifies the following resolution for the two conflicts that were substantive in nature (HEA 1540-2015 and HEA 1001-2015): (1) That the term "slot machine" wagering is stricken in favor of "gambling game" wagering (the HEA 1540-2015 version). (2) That \$150,000 is to be annually deposited into the gaming integrity fund to pay the cost of taking and analyzing equine specimens instead of being distributed to the horse racing industry (the HEA 1001-2015 version). Incorporates the changes that became law that were not in substantive conflict. Corrects a reference in the definition of corporate adjusted gross income to incorporate a change made in SEA 441-2015 that changed the term directly related intangible interest expenses to be directly related interest expenses. Makes technical corrections and conforming changes to SEA 441-2015. (The introduced version of this bill was prepared by the code revision commission.)

 28 Subchapter N of the Internal Revenue Code.

29 (12) Add the amount excluded from federal gross income under
 30 Section 103 of the Internal Revenue Code for interest received on
 31 an obligation of a state other than Indiana, or a political
 32 subdivision of such a state, that is acquired by the taxpayer after
 33 December 31, 2011.

34 (e) In the case of trusts and estates, "taxable income" (as defined for
 35 trusts and estates in Section 641(b) of the Internal Revenue Code)
 36 adjusted as follows:

37 (1) Subtract income that is exempt from taxation under this article
 38 by the Constitution and statutes of the United States.

39 (2) Subtract an amount equal to the amount of a September 11
 40 terrorist attack settlement payment included in the federal
 41 adjusted gross income of the estate of a victim of the September
 42 11 terrorist attack or a trust to the extent the trust benefits a victim

1 of the September 11 terrorist attack.

2 (3) Add or subtract the amount necessary to make the adjusted
3 gross income of any taxpayer that owns property for which bonus

9 service.

10 (4) Add an amount equal to any deduction allowed under Section

14 defined in Section 179 of the Internal Revenue Code) in service
15 in the current taxable year or in an earlier taxable year equal to
16 the amount of adjusted gross income that would have been
17 computed had an election for federal income tax purposes not
18 been made for the year in which the property was placed in
19 service to take deductions under Section 179 of the Internal
20 Revenue Code in a total amount exceeding twenty-five thousand
21 dollars (\$25,000).

22 (6) Add an amount equal to the amount that a taxpayer claimed as
23 a deduction for domestic production activities for the taxable year
24 under Section 199 of the Internal Revenue Code for federal
25 income tax purposes.

26 (7) Subtract income that is:

27 (A) exempt from taxation under IC 6-3-2-21.7; and

28 (B) included in the taxpayer's taxable income under the
29 Internal Revenue Code.

30 (8) Add an amount equal to any income not included in gross
31 income as a result of the deferral of income arising from business
32 indebtedness discharged in connection with the reacquisition after
33 December 31, 2008, and before January 1, 2011, of an applicable
34 debt instrument, as provided in Section 108(i) of the Internal
35 Revenue Code. Subtract from the adjusted gross income of any
36 taxpayer that added an amount to adjusted gross income in a
37 previous year the amount necessary to offset the amount included
38 in federal gross income as a result of the deferral of income
39 arising from business indebtedness discharged in connection with
40 the reacquisition after December 31, 2008, and before January 1,

(9) Add the amount excluded from federal gross income under Section 103 of the Internal Revenue Code for interest received on an obligation of a state other than Indiana, or a political subdivision of such a state, that is acquired by the taxpayer after December 31, 2011.

SECTION 5. IC 6-3-2-2, AS AMENDED BY P.L.250-2015, SECTION 14, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 2. (a) With regard to corporations and nonresident persons, "adjusted gross income derived from sources within Indiana", for the purposes of this article, shall mean and include:

- (1) income from real or tangible personal property located in this state;
- (2) income from doing business in this state;
- (3) income from a trade or profession conducted in this state;
- (4) compensation for labor or services rendered within this state; and
- (5) income from stocks, bonds, notes, bank deposits, patents, copyrights, secret processes and formulas, good will, trademarks, trade brands, franchises, and other intangible personal property to the extent that the income is apportioned to Indiana under this section or if the income is allocated to Indiana or considered to be derived from sources within Indiana under this section.

Income from a pass through entity shall be characterized in a manner consistent with the income's characterization for federal income tax purposes and shall be considered Indiana source income as if the person, corporation, or pass through entity that received the income had directly engaged in the income producing activity. Income that is derived from one (1) pass through entity and is considered to pass through to another pass through entity does not change these characteristics or attribution provisions. In the case of nonbusiness income described in subsection (g), only so much of such income as is allocated to this state under the provisions of subsections (h) through (k) shall be deemed to be derived from sources within Indiana. In the case of business income, only so much of such income as is apportioned to this state under the provision of subsection (b) shall be deemed to be derived from sources within the state of Indiana. In the case of compensation of a team member (as defined in section 2.7 of this chapter), only the portion of income determined to be Indiana income under section 2.7 of this chapter is considered derived from sources within Indiana. In the case of a corporation that is a life insurance company (as defined in Section 816(a) of the Internal Revenue Code) or an insurance company that is subject to tax under

Section 831 of the Internal Revenue Code, only so much of the income as is apportioned to Indiana under subsection (r) is considered derived from sources within Indiana.

(b) Except as provided in subsection (l), if business income of a corporation or a nonresident person is derived from sources within the state of Indiana and from sources without the state of Indiana, the business income derived from sources within this state shall be determined by multiplying the business income derived from sources both within and without the state of Indiana by the following:

(1) For all taxable years that begin after December 31, 2006, and before January 1, 2008, a fraction. The:

(A) numerator of the fraction is the sum of the property factor plus the payroll factor plus the product of the sales factor multiplied by three (3); and

(B) denominator of the fraction is five (5).

(2) For all taxable years that begin after December 31, 2007, and before January 1, 2009, a fraction. The:

(A) numerator of the fraction is the property factor plus the payroll factor plus the product of the sales factor multiplied by four and sixty-seven hundredths (4.67); and

(B) denominator of the fraction is six and sixty-seven hundredths (6.67).

(3) For all taxable years beginning after December 31, 2008, and before January 1, 2010, a fraction. The:

(A) numerator of the fraction is the property factor plus the payroll factor plus the product of the sales factor multiplied by eight (8); and

(B) denominator of the fraction is ten (10).

(4) For all taxable years beginning after December 31, 2009, and before January 1, 2011, a fraction. The:

(A) numerator of the fraction is the property factor plus the payroll factor plus the product of the sales factor multiplied by eighteen (18); and

(B) denominator of the fraction is twenty (20).

(5) For all taxable years beginning after December 31, 2010, the sales factor.

(c) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the taxable year and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the taxable year. However, with respect to a foreign corporation, the denominator

1 does not include the average value of real or tangible personal property
 2 owned or rented and used in a place that is outside the United States.
 3 Property owned by the taxpayer is valued at its original cost. Property
 4 rented by the taxpayer is valued at eight (8) times the net annual rental
 5 rate. Net annual rental rate is the annual rental rate paid by the taxpayer
 6 less any annual rental rate received by the taxpayer from subrentals.
 7 The average of property shall be determined by averaging the values at
 8 the beginning and ending of the taxable year, but the department may
 9 require the averaging of monthly values during the taxable year if
 10 reasonably required to reflect properly the average value of the
 11 taxpayer's property.

12 (d) The payroll factor is a fraction, the numerator of which is the
 13 total amount paid in this state during the taxable year by the taxpayer
 14 for compensation, and the denominator of which is the total
 15 compensation paid everywhere during the taxable year. However, with
 16 respect to a foreign corporation, the denominator does not include
 17 compensation paid in a place that is outside the United States.
 18 Compensation is paid in this state if:

- 19 (1) the individual's service is performed entirely within the state;
- 20 (2) the individual's service is performed both within and without
- 21 this state, but the service performed without this state is incidental
- 22 to the individual's service within this state; or
- 23 (3) some of the service is performed in this state and:
 - 24 (A) the base of operations or, if there is no base of operations,
 - 25 the place from which the service is directed or controlled is in
 - 26 this state; or
 - 27 (B) the base of operations or the place from which the service
 - 28 is directed or controlled is not in any state in which some part
 - 29 of the service is performed, but the individual is a resident of
 - 30 this state.

31 (e) The sales factor is a fraction, the numerator of which is the total
 32 sales of the taxpayer in this state during the taxable year, and the
 33 denominator of which is the total sales of the taxpayer everywhere
 34 during the taxable year. Sales include receipts from intangible property
 35 and receipts from the sale or exchange of intangible property. However,
 36 with respect to a foreign corporation, the denominator does not include
 37 sales made in a place that is outside the United States. Receipts from
 38 intangible personal property are derived from sources within Indiana
 39 if the receipts from the intangible personal property are attributable to
 40 Indiana under section 2.2 of this chapter. Regardless of the f.o.b. point
 41 or other conditions of the sale, sales of tangible personal property are
 42 in this state if:

(1) the property is delivered or shipped to a purchaser that is within Indiana, other than the United States government; or

(2) the property is shipped from an office, a store, a warehouse, a factory, or other place of storage in this state and the purchaser is the United States government.

Gross receipts derived from commercial printing as described in IC 6-2.5-1-10 and from the sale of computer software shall be treated as sales of tangible personal property for purposes of this chapter.

(f) Sales, other than receipts from intangible property covered by subsection (e) and sales of tangible personal property, are in this state if:

(1) the income-producing activity is performed in this state; or

(2) the income-producing activity is performed both within and without this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

(g) Rents and royalties from real or tangible personal property, capital gains, interest, dividends, or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in subsections (h) through (k).

(h)(1) Net rents and royalties from real property located in this state are allocable to this state.

(2) Net rents and royalties from tangible personal property are allocated to this state:

(i) if and to the extent that the property is utilized in this state; or

(ii) in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

(3) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year, and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

(i)(1) Capital gains and losses from sales of real property located in this state are allocable to this state.

(2) Capital gains and losses from sales of tangible personal property are allocable to this state if:

- (i) the property had a situs in this state at the time of the sale; or
- (ii) the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

(3) Capital gains and losses from sales of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

(j) Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this state.

(k)(1) Patent and copyright royalties are allocable to this state:

- (i) if and to the extent that the patent or copyright is utilized by the taxpayer in this state; or
- (ii) if and to the extent that the patent or copyright is utilized by the taxpayer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

(2) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(3) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

(l) If the allocation and apportionment provisions of this article do not fairly represent the taxpayer's income derived from sources within the state of Indiana, the taxpayer may petition for or the department may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

- (1) separate accounting;
- (2) for a taxable year beginning before January 1, 2011, the exclusion of any one (1) or more of the factors, except the sales factor;
- (3) the inclusion of one (1) or more additional factors which will fairly represent the taxpayer's income derived from sources within the state of Indiana; or
- (4) the employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

(m) In the case of two (2) or more organizations, trades, or businesses owned or controlled directly or indirectly by the same interests, the department shall distribute, apportion, or allocate the income derived from sources within the state of Indiana between and among those organizations, trades, or businesses in order to fairly reflect and report the income derived from sources within the state of Indiana by various taxpayers.

(n) For purposes of allocation and apportionment of income under this article, a taxpayer is taxable in another state if:

(1) in that state the taxpayer is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax; or

(2) that state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

(o) Notwithstanding subsections (l) and (m), the department may not, under any circumstances, require that income, deductions, and credits attributable to a taxpayer and another entity be reported in a combined income tax return for any taxable year, if the other entity is:

(1) a foreign corporation; or

(2) a corporation that is classified as a foreign operating corporation for the taxable year by section 2.4 of this chapter.

(p) Notwithstanding subsections (l) and (m), the department may not require that income, deductions, and credits attributable to a taxpayer and another entity not described in subsection (o)(1) or (o)(2) be reported in a combined income tax return for any taxable year, unless the department is unable to fairly reflect the taxpayer's adjusted gross income for the taxable year through use of other powers granted to the department by subsections (l) and (m).

(q) Notwithstanding subsections (o) and (p), one (1) or more taxpayers may petition the department under subsection (l) for permission to file a combined income tax return for a taxable year. The petition to file a combined income tax return must be completed and filed with the department not more than thirty (30) days after the end of the taxpayer's taxable year. A taxpayer filing a combined income tax return must petition the department within thirty (30) days after the end of the taxpayer's taxable year to discontinue filing a combined income tax return.

(r) This subsection applies to a corporation that is a life insurance company (as defined in Section 816(a) of the Internal Revenue Code) or an insurance company that is subject to tax under Section 831 of the Internal Revenue Code. The corporation's adjusted gross income that

1 is derived from sources within Indiana is determined by multiplying the
2 corporation's adjusted gross income by a fraction:

- 3 (1) the numerator of which is the direct premiums and annuity
4 considerations received during the taxable year for insurance
5 upon property or risks in the state; and
6 (2) the denominator of which is the direct premiums and annuity
7 considerations received during the taxable year for insurance
8 upon property or risks everywhere.

9 The term "direct premiums and annuity considerations" means the
10 gross premiums received from direct business as reported in the
11 corporation's annual statement filed with the department of insurance.

12 (s) This subsection applies to receipts derived from motorsports
13 racing.

- 14 (1) Any purse, prize money, or other amounts earned for
15 placement or participation in a race or portion thereof, including
16 qualification, shall be attributed to Indiana if the race is conducted
17 in Indiana.

- 18 (2) Any amounts received from an individual or entity as a result
19 of sponsorship or similar promotional consideration for one (1) or
20 more races shall be in this state in the amount received, multiplied
21 by the following fraction:

- 22 (A) The numerator of the fraction is the number of racing
23 events for which sponsorship or similar promotional
24 consideration has been paid in a taxable year and that occur in
25 Indiana.

- 26 (B) The denominator of the fraction is the total number of
27 racing events for which sponsorship or similar promotional
28 consideration has been paid in a taxable year.

- 29 (3) Any amounts earned as an incentive for placement or
30 participation in one (1) or more races and that are not covered
31 under ~~subdivisions~~ **subdivision** (1) or (2) or under IC 6-3-2-3.2
32 shall be attributed to Indiana in the proportion of the races that
33 occurred in Indiana.

34 This subsection, as enacted in 2013, is intended to be a clarification of
35 the law and not a substantive change in the law
